PHOTOS.

## IT'S ALL IN THE DETAILS

Every wedding is different. We photograph the details from the dress, jewelry, garter, shoes for the bride to the cuff links, and the other details for the groom. Along with these precious moments that make your wedding yours, we will photograph the love, the smiles, the tears, and the laughs.

Each photograph captured becomes a family heirloom to treasure for a lifetime.

## BEHIND THE LENS

We are Frank & Erica

We are a husband and wife photography team whos unique backgrounds bring something new and memorable to our clients. Frank has been a journalist in the NYC news media since 1998. Storytelling is his way of life. The story of your day is as unique as you are and you deserve the very best. Erica has been a pediatric physical therapist since 2004. Her approach with children, and adults, allows for your special day to flow seamlessly. She's also great at capturing all those behind the scene moments as the 2nd photographer.

We will capture your memories as they unfold throughout the day; to tell YOUR love story so you can relive the moments for years to come. We do not just create photos, we create heirloom memories.
